 _____ A. Turmukhambetova
 04 _____ 2024

PRICE LIST
for paid services
NCJSC «Karaganda Medical University»
for 2024 year

<i>Dental clinic services</i>			
1	Examination and registration of the primary patient	1 procedure	2000
2	Consultation with a dentist	1 visit	2 200
3	Consultation of a professor, associate professor	1 visit	5 000
4	Repeated consultation of the professor, associate professor	1 visit	2 500
<i>Anesthesia</i>			
1	Application anesthesia	1 dose	500
2	Infiltration / conduction anesthesia	1 dose	1500
<i>Diagnostic services</i>			
1	X-rays of teeth	1 picture	1200
2	Orthopantomography 2D image	1 picture	4 700
3	3D computed tomography of the maxillofacial area	1 picture	11 500
<i>Physiotherapeutic services</i>			
1	Physiotherapeutic procedure	1 procedure	1400
<i>Surgical dentistry</i>			
1	Simple tooth extraction	1 tooth	6 000
2	Tooth extraction is difficult	1 tooth	11 500
3	Operation - removal of a dystopic, impacted tooth	1 tooth	14 000
4	Removal of exostoses	1 units	7 000
5	Periosteotomy (gum incision, lavage, drainage, dressing)	1 visit	6 000
6	Operation - plastic surgery of the oral vestibule	1 procedure	13 500
7	Diathermocoagulation of the mucous membrane, dental-gingival papilla, gingival margin	1 operation	4 500
8	Suturing with primary plastic surgery using local tissues	1 visit	6 000
9	Removing stitches	1 visit	2 500
10	Reduction of dislocation of the lower jaw	1 visit	5 000
11	Treatment of alveolitis with curettage	1 visit	6 500
12	Operation - plastic surgery of the orosinus communication	1 operation	13 500

13	Creating access to an impacted tooth during orthodontic treatment	1 tooth	8 000
14	Tongue frenuloplasty surgery	1 operation	7 500
15	Tooth extraction for orthodontic purposes	1 tooth	10 000
<i>Therapeutic dentistry (adult and children's)</i>			
1	Treatment is uncomplicated. caries with compact mat. light curing	1 tooth	14 000
2	Application of a chemical-curing filling (without endodontic treatment) for complicated caries (pulpitis, periodontitis)		
-	single-rooted tooth	1 tooth	7 500
-	multi-rooted tooth	1 tooth	8 500
3	Application of a light-curing filling (without endodontic treatment) for complicated caries (pulpitis, periodontitis):		
-	single-rooted tooth	1 tooth	14 500
-	multi-rooted tooth	1 tooth	16 500
4	Endodontic root canal treatment for complicated caries (pulpitis, periodontitis)	1 channel	5 000
5	Filling the root canal with calcium-containing material	1 channel	2000
6	Unsealing the root canal	1 channel	3 000
7	Selective grinding of teeth	1 tooth	800
8	Lamination	1 tooth	7 500
9	Installing an anchor pin	1 pin	3 500
10	Installing the fiberglass pin	1 pin	4 500
11	Removing the anchor pin from the root canal	1 pin	1 500
12	Removing an old filling	1 tooth	1500
13	Coating teeth with fluoride varnish or remineralization therapy	1 tooth	1000
14	Fissure sealing:		
-	GIC	1 tooth	2 000
-	fluid light material	1 tooth	2 500
15	Treatment using the "Vector" device	1 tooth	3 000
16	Treatment using the "Vector" device	one jaw	20 000
17	Removal of supragingival and subgingival dental plaque	1 tooth	1000
18	Removal of supragingival and subgingival dental plaque using the AIR FLOW device	1 tooth	1100
19	Training in the rules of rational oral hygiene	1 visit	900
20	Medical treatment of periodontal pockets	one jaw	1500
21	Drug treatment of the oral mucosa:		
-	irrigation	1 visit	1000
-	appliance	1 visit	1000
22	Curettage of periodontal pocket (in the area of 1-2 teeth)	1 operation	3 500
23	Temporary filling	1 tooth	1000

<i>Orthopedic dentistry</i>			
1	Anatomical cast with alginate mass	1 unit	1000
2	Double impression (B - silicone mass)	1 unit	2500
3	Double impression (A - silicone mass)	1 unit	3000
4	Removing the crown:		
-	stamped metal, plastic	1 unit	2000
-	solid cast, metal-ceramic	1 unit	3 000
5	Crown fixation:		
-	or zinc phosphate cement (foscem, viscin, unicem)	1 unit	1500
-	on glass ionomer cement (ketak molar, fuji)	1 unit	3500
6	Repairing removable dentures	1 prosthesis	3 500
7	Welding:		
-	1 tooth, clasp	1 unit	3 500
-	2 teeth, clasps and more	1 unit	4 000
8	Manufacturing a crown stamped from steel without spraying	1 unit	8 000
9	Solid crown, tooth	1 unit	10 000
10	Inlay: solid-cast stump, pin-stump. pin tooth, cast tooth	1 unit	9 000
11	Metal-ceramic crown (tooth)	1 unit	17 000
12	Metal composite crown	1 unit	12 000
13	Plastic crown	1 unit	10 000
14	Making a clasp prosthesis	1 unit	35 000
15	Temporary crown	1 unit	5 000
16	Casting:		
-	facets, cast tooth, pin tooth, stainless steel inlays	1 unit	3000
-	solid-cast crown, cap, attachments	1 unit	3 500
-	the frame of the clasp prosthesis on the refractory model	1 unit	13 500
17	Soldering of parts	1 unit	1500
18	Production of a removable microprosthesis (up to 3 teeth)	1 unit	10 000
19	Complete removable plate prostheses	1 prosthesis	25 000
20	Relocation of the removable prosthesis:		
-	rigid plastic	1 unit	4 000
-	soft plastic	1 unit	4 500
21	Partial removable plate prostheses	1 prosthesis	18 000
22	Correction of the prosthesis	1 unit	1500
<i>Orthodontic dentistry</i>			
1	Installation of a brace system on one jaw from clinic material	1 unit	77 000
2	Installation of braces system on one jaw	1 unit	44 000
3	Correction braces system	1 jaw	2 500
4	Fixing the retainer	1 unit	12 000

5	Fixing a broken retainer	1 tooth	2 500
6	Fixing a broken brace	1 tooth	3 500
7	Anatomical cast with alginate mass	1 unit	1500
8	Manufacturing of an orthodontic apparatus of simple design (vestibular arch, screw, clasp (2))	1 unit	15 000
9	Manufacturing of orthodontic devices of hardware design (vestibular arch, screw, pusher, clasp (2), inclined plane, bite plate, etc.)	1 unit	25 000
10	Manufacturing of diagnostic models	1 unit	1 500
11	Removal of braces, retainers and professional oral hygiene	1 jaw	4500
12	Repairing a base fracture with self-hardening plastic, welding a tooth, clasp, pusher, vestibular arch	1 unit	5 000

Managing director

 Z.Z. Bekturganov

Department of economics
and finance director

S.B. Nurmaganbetova

Chief physician of the dental
clinic

A.S. Kalina
